## ACKNOWLEDGEMENTS

I wish to express my heart-felt gratitude to the following persons, whose assistance to me during the study is greatly appreciated.

Prof. Nimal De Silva, Head of the Department, Department of Architecture, University of Moratuwa for valuable guidance.

Dr. Rangith Dayarathne, my dissertation tutor for the support and inspiration extended to me, in imparting his enrich experiences on the subject, and guiding me. I wish to extend my deep appreciation and gratitude to him for directing many aspects of this study, his patience and precious time expended in this respect.

Dr. L. S. R. Perera, Archt. Vidura Sri Nummuni and Archt. Vigitha Basnayake for their initial guidance, in valuable comments and support.

Especially to Nisha Fernando for her useful comments, encouragement and invaluable assistance.

Nuwan for his photography.

Neluka, Nileeka, Chamalee, Dharshnee, Thiliny and Sam for accompanied me.

And also Fedo for being my source of strength and encouragement in numerous ways.

My beloved mother and sister for all their relentless support, tolerance and above all, for the love extended to me at all difficult time.

Finally I must express my heart felt thanks to the people whose stories appear in this dissertation in to those I spoke with whose stories did not appear. All of them provided me with invaluable insights; without their willingness to share their feelings above home, this dissertation could not have happened.
