

**SUCCESS FACTORS FOR EFFECTIVE  
MANAGEMENT OF RURAL WATER SCHEMES  
IN SRI LANKA.**

BY

P.S.Muthunayake

Supervised by

Dr. A.D.D.A.J Perera

This Dissertation was submitted to the Department of Civil Engineering of the University of Moratuwa in partial fulfillment of the requirements for the Degree of Master of Science in Construction Project Management.

## **Acknowledgement**

I would like to make the first special acknowledgement to my research supervisor Dr. A.A.D.J Perera for all the help, assistance and guidance given in explaining and revising the dissertation. Thank you very much for all the assistance and the words of encouragement given till the end to complete the thesis. You really take an interest and put forth the extra effort in helping the students to accomplish this goal. Thank you very much again for all the support and guidance throughout the research to complete the thesis with success.

I gratefully acknowledge the support extended by several officers of Rural Water Supply Section (RWS) of National Water Supply and Drainage Board. Mr. Gerard Fernando (Former Assistant General Manager, RWS Section), Mr. Rohan Wijesooriya (Assistant General Manager, RWS Section), Mr. Gunapala (Senior Sociologist, RWS Section) and Mr. Rangith Fernando (Chief Engineer, RWS Section) generously gave their valuable time to answer my questions, organized my field visits and provided access to documentation. I also wish to thank many office bearers of water management committees (CBOs) and many individuals who devoted their time to fill my questionnaires.

Also I would like to thank my family members who gave me enough support and freedom in all the ways till the end to accomplish my goal successfully.

Finally I would like to express my thanks to all the others who contributed in various ways in completing this thesis.

P.S Muthunayake

February 2010
