## ACKNOWLEDGEMENTS

I sincerely express my deepest gratitude to,

Dr Jagath Munasinghe, senior lecturer ,Department of Town and Country Planning ,University of Moratuwa and individual supervisor - for all the valuable comments and guidance with the inspiring discussions, encouraging words and above all, for his faith in this effort.

Dr Samitha Manawadu, Head of the Department, University of Moratuwa for the courage I had gained from his guidance.

Dr Harsha Munasinghe, senior lecture, University of Moratuwa, for the criticisms and guidance lead throughout the study.

I wish to thank;

Mr Luksumana Jayawikrama and Mr Rasika Gunawardana for their honour and friendship, which generated towards me, maintain my “spirit” during this task.

My friends Manorima, Pathma ,Hemantha ayya, Mithila and my sister Jagari Senadheera, brother Vidura for their continuous assistance and valuable support to fulfil this excellent work.

My father Mr N.S Senadheera and my mother Mrs Sudharma Munasinghe for their relentless efforts endowed to complete this work successfully.

## LIST OF FIGURES

	Page No
1 Affordance-the door lock	8
2 Affordance-the half open door	8
3 The action possibility	9
4 The feature of the environment-The screen displayed in the wooden house in Japan screen festival	21
5 The children in the wooden bridge –act as facility object in the festive Environment	22
6 The festive character of the processional path & human behaviour refer element affordances	23
7 The tuskered elephant carrying the casket of Tooth Relic of Buddha	25
8 Kandy Dalada Maligawa	26
9 Three element walk in the line with Casket in Kandy Asala Perahera	27
10 The building height giving prominence to the Casket in Kandy Perahera	27
11 People saw Perahera from the balconies of the upper floor	27
12 The sign boards, shop frontage, boards break visibility of the façade	28
13 The element affordance in the edges of the street during the procession	30
14 The usability of settings in the junction	30
15 Nawam Perahera festival	32
16 Location-processional path of Nawam Perahera	33
17 The organization of the festive crowd in the setting	34
18 Minor development in urban setting makes affordances	35
19 View from the raised plat form-railing as element affordance	35
20 Circular pattern of organization of people	35
21 Natural element in urban setting make affordances	38
22 Affordance from the both side of the street	40
23 The location –processional path of Nawam Perahera	41
24 The organization of festive crowd in the setting Two and degree of use of space by the inhabitants in urban setting	42
25 The people refer fixed element urban setting	42
26 The urban edges of the city landscape make affordance	43
27 Degree of use of space according to the affordance in the immediate environment	44

28	The location-processional path of Nawam Perahera	45
29	The organization of festive crowd on the setting Three and the degree of use of space by the inhabitants in the festive environment	46
30	The action of the people according to the affordance of the physical setting	
31	The lack of affordance in front of the high scale building	48
32	Element affordances	50
33	The feature of the environment offer kind of action	53
34	The action-bathing on river	54
35	The queen's hotel balconies, details make festive character	54
36	Old wooden storied building-festive character	55
37	The "walakulu Bamma"-Kandy	55
38	Affordance in the immediate setting-Gangarama Nawam Perahera	56
39	The organization pattern of the people by referring the environmental affordance in immediate setting	57
40	Sense of enclosure and creating stage set for performer	57
41	Creating sense of enclosure from the natural and temporary element of the environment	58
42	Festive character of the place one	58
43	processional path demarcated from the temporary arrangement of people	59
44	The usage of pavement edges spatial demarcation between dancer and observer in Place One	60
45	Creating of personal space of the dancer	60
46	Temporary human spatial demarcation	61
47	Discontinuation of spatial demarcation	61
48	Path demarcation-kandy	62
