INTRODUCTION	
1.The issue	1
2.Need of the study	4
3.Aims and objectives	5
4.Methodology	5
5.Scopc and limitations	7
The Environmental Affordance in the Built Environment	7
81.1 The Concept of Environmental Affordance	8
1.1.1 Affordance	8
Objective affordance	
(The use of term refer James J Gibson. 1979)	
Perceived affordance	9
(The use of term refer Donald Norman. 1988)	
1.1.2 Application of the concept of affordance and related theories	10
1.1.3 The perception and affordance	11
1.1.4 The psychology of perception and behaviour	12
1.1.5 The method of understanding the environmental affordance	13
1.2 The Evolution of Built Environment for Affordances	14

1.2.1	The Environment	14
1.2.2	The Concept of Interaction on Environment and Human	14
1.3	Method of analyzing the Built Environment	16
1.3.1	Environment as Communication	16
1.3.2	Importance of the Non-Verbal Communication Methods	17
1.3.3	Non-Verbal Communication Methods	18
1.3.3.1	Fixed-feature elements	18
1.3.3.2	Semi-fixed elements	18
1.3.3.3	Non-fixed feature elements	19
	conclusion	

CHAPTER TWO:

2 Application of the environmental affordance in the religious

	processional path in Sri Lanka	21
2.1	Introduction	21
2.2	Case study One :Asala Maha Perahera Festival in Kandy	25
2.2.1	Introduction	25
2.2.1.1	Historical background	26
2.2.1.2	The present street character in the urban context	28
2.2.2	Dalada Vidiya in Kandy in the Asala Maha Perahera Festival	29
2.2.2.1	Place One. The surroundings of Queen's Hotel at Dalada	30

Vidiya The physical settings Activity

Environmental affordances

2.2.2.2 Place Two-Dalada Vidiya	30
The physical setting	31
Activity	31
Environmental affordances	
Case study Two: Nawam Perahera Festival at Gangaramaya	32
3.1.2.1 Introduction	
2.3.1.1 Historical background	
2.3.1.2 The present street character in the urban context	32
2.3.2 The Gangarama Processional Path of Colombo Nawam Perahera Festival	32
2.3.2.1 Place One	33
The physical settings	34
Activity & Environmental affordances	35
1 Section A	35
2 Section B	38
3 Section C	39
2.3.2.2 Place Two	
	41
The physical settings	42
Activity & Environmental affordances	43
1 Edges of the urban landscape	43
2 The facade of the other side of the building	44

2.3.2.3 Place Three	45
The physical settings	46
Activity & Environmental affordances	47
1 The facade of the shop frontage	47
2 The facade of the other side of the building	49
Conclusion	50
CHAPTER THREE:	
3 An Analytical Study of the Environmental Affordances with reference to sustain Religious Processions in Sri Lanka	51
3.1 Introduction	51
3.2 The result of the environmental affordance helps to sustain the religious procession in the processional path	53
3.2.1 The environmental affordance helps recreating of the place for action	53
3.2.2 The environmental affordance has an ability to make community facility in urban setting	56
3.2.3 Creating sense of enclosure to the dancer from the concept of environmental affordances	
3.2.4 The personal demarcation of space created due to the usage of environmental affordances in the physical setting.	60
CONCLUSION	63
