Table of Contents	<i>Page</i>
List of Figures	VI
List of Tables	VII
List of Appendices	IX
Acknowledgement	X
Executive Summary	XI
1. Introduction	1
1.1 History of e-Learning	1
1.2 Advantages of e-Learning	3
1.3 Drawbacks of e-Learning	3
2. Problem Definition	4
3. Objective of the Study	6
3.1 General Objective	6
3.2 Specific Objective	6
4. Literature Review	7
4.1 Definitions of e-Learning	7
4.2 e-Learning in Sri Lankan Context	8
4.3 e-Learning Demand	11
4.4 Models for e-Learning	12
4.5 Evaluation of e-Learning Products	17
4.6 Main Considerations of e-Learning Delivery	18
4.6.1 Technology	18
4.6.2 Flexibility	20
4.6.3 Cost Estimates	21
4.6.4 Pedagogy	23
4.6.5 Delivery and Interaction	23
4.6.6 Performance	24
4.6.7 Assessment and Administration	24

4.6.8	Return on Investment	25
4.6.9	Quality	26
4.7	Status of e-Learning in the Global Education	27
4.8	New Concepts of e-Learning Provision	29
4.9	Criticisms of e-Learning	33
5.	Methodology	35
5.1	Conceptual Model	35
5.2	Hypotheses	35
5.3	Study Design	36
5.4	Study Setting	36
5.5	Study Population	36
5.6	Sampling Procedure	37
5.7	Inclusion Criteria	37
5.8	Exclusion Criteria	38
5.9	Operationalisation of Key Concepts and Variables	38
5.10	Concepts for e-Learning Demand	38
5.11	Concepts for e-Learning Provision	39
5.12	Design of Indices and Scale of Measurements	40
5.13	Method of Data Analysis	40
6.	Procedure for Data Collection	41
6.1	Preliminary Consideration	41
6.2	Focus Group Discussion	41
6.3	Questionnaire Design	41
6.4	Pre Test	42
6.5	Study Period	42
6.6	Collection of Data	42
6.7	Quality of Data	43
6.7.1	Reliability	43
6.7.2	Validity	43

7. Analysis of Findings and Results	44
7.1 Analysis of Data and Results	44
7.1.1 Summary of The Socio Demographic Characteristics of The Sample of e-Learning Users	44
7.2 Factors Affecting the Demand of e-Learning in Sri Lankan Tertiary Education System	47
7.2.1 Technology	47
7.2.2 Cost	50
7.2.3 Recognition of e-Learning Program	52
7.2.4 Flexibility	53
7.2.5 Quality	54
7.2.6 Delivery Method	55
7.2.7 Culture	55
7.3 Factors Affecting the Provision of e-Learning in Sri Lankan Tertiary Education system	57
7.3.1 Organizational Background	57
7.3.2 Technology Cost	59
7.3.3 Return On Investment	61
7.3.4 Implementation Time	61
7.3.5 Target Market	62
7.3.6 Awareness Creation for e-Learning Program	63
7.3.7 Delivery Methods of Program Contents	64
8 Discussion	66
8.2 Socio-Demographic Factors of e-Learning Users	67
8.3 Factors Identified by the Study, that Affect the Demand for e-Learning in Tertiary Education System.	68
8.4 Background of The Organizations	71

8.5	Factors Identified by the Study, that Affect the Supply for e-Learning Programs in Tertiary Education System.	73
8.5.1	Expert Views of e-Learning Provision in Sri Lankan Tertiary Education System	74
8.5.1.1	Main Advantages of e-Learning for Sri Lankan Tertiary Education System	75
8.5.1.2	Main Issues for Provision of e-Learning in Sri Lankan Tertiary Education System	75
8.5.1.3	Suggestions to Improve e-Learning provision in Sri Lankan Tertiary Education System	76
9	Conclusion and Recommendations	78
9.2	Conclusions	78
9.3	Recommendations	79
10	Limitations of the Study	80
11	Abbreviations	81
12	Bibliography	83
Annexes		
Annexure – I	Operationalisation of Key Concepts and Variables of e-Learning Demand	
Annexure – II	Questionnaire to Identify The Factors Affecting The Demand for e-Learning in Sri Lankan Tertiary Education System	
Annexure – III	Coding System for Questionnaire – I	

- Annexure - IV Operationalisation of Key Concepts and Variables
of e-Learning Supply
- Annexure – V Questionnaire to Identify the Factors
Affecting The Supply of e-Learning
in Sri Lankan Tertiary Education System
- Annexure – VI Coding System for Questionnaire II

List of Figures

Figure 1 : History and heritage of web based learning	2
Figure 2 : Global linking of proposed distance learning center in Sri Lanka	10
Figure 3 : Virtual Learning Centers in proposed e-Sri Lanka project	10
Figure 4 : Key drivers of e-Learning demand	12
Figure 5 : Five stage 'scaffold' model for online learning	13
Figure 6 : Electronic commerce framework for education	16
Figure 7 : Technology evolution in e-Learning	19
Figure 8 : Estimating costs for web based and classroom learning	21
Figure 9 : Variation of cost per student vs. average intake	22
Figure 10 : Variation of cost per student with student numbers	23
Figure 11 : Users of training by time spent on classroom learning, e-Learning and blended learning	26
Figure 12 : Potential competitors to pure-play e-Learning providers	32
Figure 13 : Education as electronic commerce : forces driving the transition	33
Figure 14 : Model used for the study	35

List of Tables

Table 4.5	: Comparative parameters between six selected e-Learning products	17
Table 4.7	: Old and new paradigms of higher education	28
Table 4.8	: Benefits to buyers of ASP	30
Table 7.1.1	: Socio-demographic characteristics of e-Learning users	44
Table 7.2.1.1	: Frequency distribution of e-Learners by level of performance experienced	47
Table 7.2.1.2	: Frequency distribution of e-Learners by type of hardware accessories used	48
Table 7.2.1.2.1	: Frequency distribution of e-Learners by type of hardware accessories users : multiple responses	48
Table 7.2.1.3	: Frequency distribution of e-learners by type of network used for program access	49
Table 7.2.2.1	: Frequency distribution of e-Learners by type of payment involved in e-Learning program	50
Table 7.2.2.2	: Frequency distribution of e-Learners by hardware cost involved in e-Learning program	50
Table 7.2.2.3	: Frequency distribution of e-Learners by software cost involved in e-Learning program	51
Table 7.2.2.4	: Frequency distribution of e-Learners by type of expenses involved in e-Learning program access	51
Table 7.2.3.1	: Frequency distribution of e-Learners by the level of educational achievement after the e-Learning program	52
Table 7.2.3.2	: Frequency distribution of e-Learners by the level of recognition gained after the e-Learning program	53
Table 7.2.4.1	: Frequency distribution of e-Learners by the level of flexibility of the e-Learning program	53
Table 7.2.5.1	: Frequency distribution of e-Learners by the level of quality in the e-Learning Program	54
Table 7.2.6.1	: Frequency distribution of e-Learners by the type of delivery method of the e-Learning program	55

Table 7.2.7.1	: Frequency distribution of e-Learners by the culture of the e-Learning program	55
Table 7.3.1.1	: Frequency distribution of e-Learning providers by the organizational background	57
Table 7.3.2.1	: Total budgeted cost for e-Learning product and the percentages of other cost factors	60
Table 7.3.3.1	: Frequency distribution of e-Learning providers by the return on investment analysis	61
Table 7.3.4.1	: Frequency distribution of e-Learning providers by the implementation time of e-Learning program	61
Table 7.3.5.1	: Frequency distribution of e-Learning providers by the level of certification offered by e-Learning program	62
Table 7.3.6.1	: Frequency distribution of e-Learning providers by the level of awareness created about the e-Learning program	63
Table 7.3.6.2	: Frequency distribution of e-Learning providers by the medias used to create the awareness of e-Learning program	63
Table 7.3.7.1	: Frequency distribution of e-Learning providers by the content delivery method of e-Learning program	64
Table 7.3.7.2	: Frequency distribution of e-Learning providers by the type of network used to deliver the e-Learning program	65

List of Appendices

- Annexure – I : Operationalisation of key concepts and variables of e-Learning demand
- Annexure – II : Questionnaire to identify the factors affecting the demand for e-learning in Sri Lankan tertiary education systems
- Annexure – III : Coding system for Questionnaire - 1
- Annexure - IV : Operationalisation of key concepts and variables of e-Learning supply
- Annexure - V : Questionnaire to identify the factors affecting e-Learning provision in Sri Lankan tertiary education system.
- Annexure – VI : Coding system for Questionnaire - 2
