ACKNOWLEDGMENT

Even a small research owes its existence to many more people than the one whose name appears as researcher. Among those who deserve credit for the assistance extended during the research programme, Dr. Mrs. M.T.P. Hettiarachchi, who proved an excellent supervisor to work with, has contributed a great deal to this research. Her guidance, support and stimulating criticisms made the research a complete success.

The support of research co-ordinator, Dr.S.A.S.Kulathilake is highly appreciated. I wish to acknowledge and express my gratitude to Dr. Mrs. M.D. Wcerasinghe, who found time to supervise me throughout the study period. I express my sincere thanks to Dr.A.D.C. Jayanandana proposing this study and his guidance.

I would have not got the chance of doing this research study if not for the Scholarship granted by Asian Development Bank and the Ministry of Science and Technology, Sri Lanka, and their consideration is very much appreciated.

I take this opportunity to thank Mr. Nihal Amarasena, Mr. Palitha Perera and Mr. Rajapaksha who provide me lot of industrial information.

My sincere thanks are also forwarded to my friends Thilakarathna, Ravihansa, Thivakar, Sagarika, Tharanganie and Madurapperuma.

The assistance received from technical officer, Mrs. Cooray, lab assistant, Mr. Piyal, of Mechanics of Materials Laboratory and Mr. G.V. Somarathne of computer science laboratory of the University of Moratuwa, is acknowledged.

B.H.D.Y. Madunoraj

CONTENT

| | |
|--|----|
| Acknowledgement | i |
| Abstract | ii |
| | |
| Chapter 1 Introduction | |
| 1.0 General | 1 |
| 1.1 Objectives | 5 |
| 1.2 Methodology | 5 |
| 1.3 Main findings of the research | 7 |
| | |
| Chapter 2 Literature Review | |
| 2.0 General | 8 |
| 2.1 Experimental investigation of portal frame | 11 |
| 2.2 Industrial survey | 15 |
| 2.3 Summary | 16 |
| | |
| Chapter 3 Design Methodologies for Portal Frames | |
| 3.0 General | 17 |
| 3.1 Plastic analysis and design of portal frame with uniform section | 18 |
| 3.1.1 Plastic analysis of portal frame | 18 |
| 3.1.2 Plastic design check. | 22 |

| | | |
|-------|---|----|
| 3.2 | Analysis and design of portal frame with tapered section | 32 |
| 3.2.0 | General | 32 |
| 3.2.1 | Plastic analysis of portal frame with tapered section | 33 |
| 3.2.2 | Elastic analysis of portal frame with tapered section | 37 |
| 3.2.3 | Design checks for elastic design of portal frame with tapered section | 41 |

Chapter 4 The Design Study

| | | |
|-----|------------------------------------|----|
| 4.0 | General | 45 |
| 4.1 | Portal Frame with Uniform sections | 45 |
| 4.2 | Portal Frame with Tapered Sections | 47 |

Chapter 5 Economical Investigation

| | | |
|-----|-------------------------------------|----|
| 5.0 | General | 51 |
| 5.1 | Cost analysis of Steel Portal Frame | 51 |

Chapter 6 Conclusion and Recommendation

| | | |
|-----|------------|----|
| 6.0 | Conclusion | 54 |
| | References | 60 |

Appendix A

| | | |
|--|--|----|
| | Elastic analysis and design of portal frame with uniform section | 62 |
|--|--|----|

Appendix B

Plastic analysis and design of portal frame with uniform section 69

Appendix C

Elastic analysis and design of portal frame with tapered section 88

Appendix D

Plastic analysis and design of portal frame with uniform section 108
(Excel Program)

Appendix E

Analysis and design of portal frame with tapered section elastically 114
(Excel Program)
