

## Declaration

I certify that this dissertation does not incorporate, without acknowledgement, any material previously submitted for a Degree or Diploma in any University and to the best of my knowledge and belief, it does not contain any material previously published or written by another person or myself except where due reference is made in the text.

I also hereby give consent for my dissertation, if accepted to be made available for photocopying and for interlibrary loans, and for the title and summary to be made available to outside organizations.

Date : 28-03-2007

N.M.S.A. Bandara

University of Moratuwa, Sri Lanka.  
Electronic Theses & Dissertations  
[www.lib.mrt.ac.lk](http://www.lib.mrt.ac.lk)

This is to certify that the candidate himself carried out the work here submitted. It is now approved for submission.

Supervisor

Dr. Ajith P Madurapperuma

Dean

Faculty of Information Technology

University of Moratuwa,

Sri Lanka

## Acknowledgement

I would like to thank the following persons for their great advice and assistance given to me to accomplish this software project.

Dr. A. Madurapperuma, Course coordinator, Dean of Faculty of Information technology, University of Moratuwa, for introducing web technologies as a lecturer and his guidance as my supervisor. Mr. T.M.K.B. Tennakoon, Director of SLIDA he encouraged me to follow this M.Sc (IT) degree programme. Mr. Edward Perera, Head IT Center SLIDA, for his valuable advice and assistance given to me to complete this work smoothly.

Mrs. R.S.P. Ranaweera, Registrar, SLIDA for her assistance given to me to study the existing course management system and her indications about the drawbacks of the existing system. Mr. W.M.S.J. Weerasuriya, Programme Officer (IT), he gave me valuable advice to improve software design. Mrs. Thushari Subasinghe, Programme Officer she gave ideas and assistance to develop the resource person sub system.

Mr. Geeth De Mail, Assistant Lecturer, IT Faculty, University of Moratuwa and Mr. Mifan, University of Moratuwa for their valuable advice given to solve Java, MYSQL and PHP related programming problems.

All of others, they are in cooperation with this software project.

I dedicate this work to my wife she encouraged me to follow this degree programme among various obstacles.

## Table of Contents

Declaration.....	I
Acknowledgement .....	II
Abstract.....	III
Table of Contents .....	IV
Table of Figures .....	VII
List of Tables.....	VIII
List of acronyms and abbreviations .....	IX
Chapter 1. - Introduction .....	1
1.1. Preamble .....	1
1.2. Training Statistics .....	1
1.3. Existing System .....	2
1.4. Requirement of a new system .....	2
1.5. Motivation.....	4
1.6. Problem Statement.....	4
1.7. Solution.....	4
1.8. Aims and Objectives.....	4
1.9. Stakeholders of the System.....	5
1.10. Structure of the next chapters .....	5
Chapter 2. - Background material.....	7
2.1. Description of the domain activities .....	7
2.2. Commercial products available in similar area.....	8
2.3. CMSs.....	8
2.4. List of tasks .....	8
2.5. LMSs.....	10
2.6. Commercial CMS Products .....	14
2.6.1. Moodle .....	14
2.6.2. Mindflash .....	14
2.6.3. ClassWeb 2 .....	14
2.7. Typical commercial course Management System features.....	15
2.8. Security .....	15
2.9. Commercial LMS products.....	16
2.9.1. NetDimensions EKP .....	16

2.9.2.	Saba Enterprise 5 .....	16
2.9.3.	ePath Learning .....	17
2.10.	SLIDA Requirements and the Features of Commercial Products .....	17
2.11.	Challenges in customization of commercial products .....	19
Chapter 3.	- Analysis and Specification.....	20
3.1.	User requirement.....	20
3.2.	System architecture .....	21
3.3.	System Requirements specification:.....	21
3.3.1.	Functional requirement .....	21
3.3.2.	Non-functional requirement.....	22
Chapter 4.	- Design of the proposed system.....	24
4.1.	Model of the Existing System.....	24
4.2.	Design of the proposed system .....	27
4.3.	Subsystem Architecture .....	27
4.4.	Initial Class diagram .....	29
4.5.	Database Design.....	31
4.6.	Applicable technologies.....	32
4.7.	Selected technologies for Implementation.....	33
Chapter 5.	- Implementation.....	34
5.1.	System Architecture.....	34
5.2.	System Integration .....	35
5.3.	Graphical user interface .....	35
5.4.	Java classes for communication between web sever and browser.....	37
5.5.	PHP code for generating word documents and Email .....	40
5.6.	Printing.....	42
5.7.	Help System .....	43
5.8.	System Installation.....	44
Chapter 6.	- Testing.....	45
6.1.	Test plan.....	45
6.2.	Testing.....	45
6.3.	Test Results.....	45
6.4.	Summary of the Errors Found.....	46
Chapter 7.	- Evaluation.....	49
7.1.	Assessment.....	49

7.2.	Deviation from an e-Learning Systems .....	50
7.3.	Increase of efficiency .....	50
7.4.	Technology .....	51
7.5.	System performance, robustness and security .....	52
7.6.	System appraisal .....	53
Chapter 8.	- Conclusions and Suggestions .....	55
8.1.	Conclusions.....	55
8.1.1.	Empowering decision-making on course management. ....	55
8.1.2.	Providing single point access to perform all related tasks.....	56
8.1.3.	Performing high level of efficiency .....	56
8.1.4.	Maintaining training standards, quality and security features .....	56
8.1.5.	Minimizing application delays.....	57
8.1.6.	Improving the reliability and confidentiality .....	57
8.2.	Suggestions and future works .....	57
References.....		59
Appendices.....		60
